U. S. Soon to Double Berlin Air Lift-Clay

Can Feed City Indefinitely, Congress Told

WASHINGTON AP—Gen. Lucius D. Clay said today the United States soon will double the tonnage of supplies being delivered by air to Berlin through reinforcement of its fleet of cargo planes.

Clay, U. S. military governor in Germany, told a news conference that "a substantial force" of huge C-54 transports will be added to the cargo planes carrying supplies.

He said the air lift increase will make it possible to deliver to the blockaded western sectors of Berlin enough food and a minimum of coal sufficient to meet needs of the people there through next winter.

As for chances of a peaceful settlement of the Berlin crisis, Clay said he doesn't believe the Russians want war and he doesn't think their blockade of the German capital is a move for a military showdown.

Clay said that he, like Presi-

Tales OF TWO CITIES

CONDEMNATION

You haven't been hearing much lately about the condemnation proceedings against the Pacific Electric section houses ordered by Upland city council but it isn't because nothing is being done about it.

City Attorney Henry Busch has been holding some meetings with PE officials and as far as we can gather no suitable agreement has been reached. It seems very likely that the condemnation action will go on as planned.

POSSIBLE DEAL

However, there is one possible dael that may be worked out between the city and the PE which would solve the whole problem in an amicable manner. The city owns a 30-foot strip on the north side of C street which it might conceivably trade for the PE land behind it. This is just a possibility since at the moment it looks like the condemnation action by the city will go on as contemplated as soon as the land in question has been surveyed.

FLEAS

Ever since hearing the reliable rumor that a pet flea has been entered in the Ontario Optimists' pet show this Sunday, we've had an itchy feeling all day. Imagine if hundreds of those things were entered and they decided to pay a visit to some of the spectators.

GOOD TIME

All of the city employes apparently enjoyed themselves at their annual picnic yesterday. Everybody seemed a little tired this morning and that's usually a good sign that a good time was had by all.

BACK IN TOWN

John Hartzog, former Upland barber, was in town the other day and apparently looking a lot better. John, who visited many of his old friends here, now lives in Banning but likes to come back to Upland from time to time. And we can't blame him particularly since everyone is always happy to see him.

BIG DAY

We should be in for some interesting sessions when Congress convenes in Washington next Monday. We don't think very many of them, particularly the Republicans, are exactly happy over President Truman calling them back in the midst of summer, particularly since he made the first announcement of his action at the Democratic national convention.

DEWEY MEETS WITH IKE ON FOREIGN CRISIS

PAWLING, N. Y., July 23 AP —Gov. Thomas E. Dewey and Gen. Dwight D. Eisenhower discussed "the critical" European situation at a surprise conference here today.

Eisenhower, president of Columbia university, came to Pawling at Dewey's request. They discussed "European affairs and our military establishment," an aide of Governor Dewey said.

The visit of the World War II allied supreme commander in Europe preceded by one day the scheduled conference here by Gov. Dewey with Senator Arthur H. Vandenberg and John Foster Dulles to discuss the foreign situation in general and the Berlin crisis in detail.

Wallace Gives Views on Reds

PHILADELPHIA AP—Henry A. Wallace said today he will not repudiate any support that comes to him "on the basis of peace" in his third party presidential race.

Wallace told a news conference that if the communists want to support him, he will not denounce them.

Then he added to reporters: "No matter how hard you try you are not going to get me to say I am a communist."

The third party presidential candidate, arriving for the opening tonight of a convention which will nominate him for president, and Senator Glen Taylor of Idaho for vice president, sailed into the communist issue at his first meeting with reporters.

Wallace said that wherever he has gone newspapermen have attempted to pin him down on the communist question.

"Most of them have been desperately hoping that Mr. Wallace either will repudiate the communists in no uncertain language or that in some way Mr. Wallace will embrace communism," he declared.

At this point he repeated a statement he made last May in which he said there is no question that reports of communist support for his candidacy constitute "a political liability."

He said the communists were supporting him because they want peace so that they can carry out in Russia their social experiment there.

He wants peace, Wallace said, so that "progressive capitalism" will have a chance to operate in this country.

Flash Flood Strikes Center Of Palm Springs

PALM SPRINGS AP—A flash flood produced by a hard rainstorm sent water four feet deep swirling through the center of this resort town today.

Palm Canyon drive, the main street, was awash from end to end, a distance of nearly two miles from north to south, and considerable property damage resulted, police reported. Indian avenue also was flooded, along with numerous side streets.

The water drained away rapidly but left roadway washouts, debris and flooded business buildings and apartment hotels. Six feet of water flooded the fashionable Estrella Villa apartment hotel. Bullock's swank department store was flooded. The roof of a bowling alley across from the police station caved in.

Out from the city two main highways were blocked. U. S. highway 111 was blocked at two points between Palm Springs and Indio. Farther east there was a washout on Highway 60 between Indio and Blythe.

"We had a mess of water," said Police Sgt. Bill Lux. There were no reported injuries, however.

This is a slack season in the tourist-resort business which is Palm Springs' biggest industry,

Crime Career Comes To End

VAN WERT, O, (AP) — Two youthful ex-convicts reached the end of a 14-day seven-slaying crime career today in a gun battle with police at road block.

One of the pair, whose bloody trail had terrorized Ohio for two weeks, was dead—shot between the eyes—and the other captured.

Two police officers were wounded in the wild flurry of rifle, pistol and sub-machinegun shots which ended the greatest manhunt Ohio has ever witnessed.

John C. West, 22-year-old bespectacled parolee of the Mansfield reformatory, formerly of Parkersburg, W. Va., and described as the "gun happy" member of the duo, was shot to death.

His partner, 22-year-old Robert M. Daniels of Columbus, another ex-convict, put up his hands

WHITE-HAIRED CORPORATION LAWYER SPEAKS OUT FOR HENRY WALLACE

By HAL BOYLE

PHILADELPHIA, (AP) — The white-haired old corporation attorney, mad at both the Republicans and the Democrats, had come to hit the sawdust trail for Henry Wallace.

Elegant in a white sharkskin suit and blue tie, 75-year-old Arthur Dun of New York city looked a little out of place as he waited to appear before the last public hearing of the new party's platform committee.

There were more than a score there to testify for causes, old and new. Among them were a Negro nurse, a white collar union official, a farmer, an Illinois patent attorney, a Jewish member of Palestine's extremist stern group, an Irish seaman, Writer Muriel Draper, and Rep. Vito Marcantonio, who wanted a plank calling for Puerto Rican independence.

They spoke at such length that Mrs. Elinor Gimbel, acting as platform secretary, ruled:

"We'll have to limit each speaker to five minutes."

The first victim of the ruling was the elderly corporation lawyer.

"I have been voting for 54 years," Dun began. "I always voted Republican until 1932. I guess I just didn't know any better."

The small audience of 75 whooped lustily. Corporation lawyers are rare here.

Dun bowed graciously.

He then began reading his statement. It called upon Congress to enforce the 2nd section of the 14th amendment, "which requires that if a state abridges the right to vote in any way, the number of representatives in Congress from such state must be reduced proportionately.

"Because of failure of Congress to enforce this provi-

SALE OF 'REBEL' FLAGS SKYROCKETS

BIRMINGHAM, Ala., (AP) — The sale of Confederate flags has skyrocketed here—and the Birmingham chamber of commerce credits the recent meeting of rebellious southern Democrats.

Letters and telephone calls from throughout the nation for the Stars and Bars have swamped flag dealers.

One woman from Santa Barbara, Calif., wrote for "a lot of Confederate flags." She said "there are hundreds of thousands of people in the west who will join in the states' rights fight."

Another flag seeker from California said she was a Republican but that didn't matter.

BRIEF HEADLINES

BOYCOTT

HOLLYWOOD, (AP)—The conference of studio unions, involved in a jurisdictional dispute with the Hollywood film industry since September, 1946, called today for a nationwide boycott of motion pictures.

SUPERINTENDENT

LOS ANGELES, (AP)—Dr. Alexander J. Stoddard has been appointed superintendent of schools for the City of Los Angeles for four years, the board of education announced today.

He is now serving as superintendent of schools in Philadelphia.

DIES

SANTA MARIA, (AP) — Donald G. Duncan, 37, of Pomona, died today of head injuries received when his tank truck and trailer overturned on a side road five miles southeast of here after his air brakes failed as he rounded a curve.

SLAYING

OAKLAND, (AP) — The bruised body of an attractive matron, clad only in sheer night dress, was found early today in an empty bathtub as flames crackled through her home.

QUAKE

BERKELEY, (AP) — An earthquake of moderate intensity, about 6,000 miles distant, was recorded on the University of California seismograph at 4:34.35 a. m. today.

STRIKE

LOS ANGELES, (AP) — News vendors voted 378 to 29 to authorize a strike, if necessary, against three Los Angeles daily newspapers.

APPOINTMENT

SACRAMENTO, (AP)—Col. Kenneth H. Leitch received official notice today of his appointment as director of selective service in California.

COMPARISON OF UPLAND CITY EXPENDITURES WITH 1947-48

Comparison of Upland city government expenditures for the fiscal years 1947-48 and 1948-49.

Classification	1947-48	Estimated 1948-49
General Government	$ 35,642	$ 36,725
Police Department	56,764	63,643
Fire Department	16,976	18,809
Building Department	5,371	5,695
Other Protection	2,563	3,196
Health Department	3,352	1,850
Sanitation	24,216	17,735
Miscellaneous	13,301	5,825

Special Gas Tax—Highways	7,000	6,152
GRAND TOTAL	$283,028	$309,473

UPLAND PLANNERS

Back Plan To Create Highway Appeal Board

The Upland planning commission last night voted to join in the state-wide campaign to create a board of appeals to review the right-of-way decisions of the California division of highways.

Acting upon the recommendation of San Luis Obispo, the commission, after viewing the resolution submitted by the planning body of that city, agreed that the city attorney should prepare a similar document and present it at the next regular meeting.

The resolution will probably call for the state legislature to enact legislation, creating an appeal body to which public agencies and individuals may appeal differences with the state division of highways.

The communication from San Luis Obispo pointed out that in some cases the division of highways ignored the rights of school boards, city authorities, planning commissions and state supervisors in determining the route of state freeways and highways. It charges that property of rights of schools, churches and hispitals are sometimes infringed upon by the state highway department.

Presumably, the resolution to be prepared for the Upland planning commission will be in a similar vein.

City Attorney Henry Busch reported that he had cunsulted with Pacific Electric officials relative to the condemnation proceedings being instituted by the city on the P. E. section houses. The buildings at the present time are delaying the proposed extension of C street.

The P. E. will probably agree to move the barracks if the city of Upland would allow the company to move diesel engines through the city, Mr. Busch said. however, he added that he contemplated no such agreement.

The planners told Earl Fox, 257 South Second avenue, that a hearing for his request for a variance to use a garage for a radio shop would be held at the next regular meeting if he made application for the change within 10 days. Mr. Fox already has tools and equipment with which to start a radio repair business.

No action will be taken on the Bert Emmrich and C. M. Estep record of survey map until the following changes be made, the planners ruled.

(1) record of survey submit-

(Continued on Page Three)

Wadsworth To Attend Junior College Meet

Leo A. Wadsworth, director of Chaffey college, is leaving today by train for Chicago, where he will attend the summer meeting of the national committees of the American Association of Junior Colleges.

Sessions will be held at the University of Chicago, July 26-27-28.

A series of five committees, consisting of five members in each will convene for the purpose of planning work for the next year and laying the ground-work for the February winter meeting, which is to be held in San Francisco.

Mr. Wadsworth is now serving on the teacher research board.

Griffith, Movie Pioneer, Dies

HOLLYWOOD AP—David Wark Griffith, 73, pioneer movie and star-maker, died today.

Best known for his discovery of Mary Pickford and his famous "The Birth of a Nation," Griffith had been inactive in pictures for many years, but the legend of his early days never died.

He was stricken ill Wednesday night in his hotel suite and taken to the hospital yesterday, suffering from a cerebral hemorrhage. He lost consciousness, and succumbed at 8:24 (PDT) in an oxygen tent.

In the early days of motion pictures, Griffith pioneered in lavish productions, innovations in photography and tailored scenarios to fit idealistic themes. His "The Birth of a Nation" is still generally regarded as one of the greatest movies.

Griffith was credited with discovering or developing many top stars such as Dorothy and Lillian Gish, Mae Marsh, Lionel Barrymore, Douglas Fairbanks, Mabel Normand and Mack Sennett.

Over 250 Prizes For Pet Show

With many pets already entered in the third annual Ontario Optimists pet show which will be held at De Anza park next Sunday, more than 250 prizes have been received by the club for distribution to the winners.

This was announcerd by Rex Cooper, chairman of the pet show committee, at the meeting of the Optimist club at the Hotel Orange Wednesday. He told club members that a large number of pets have already been entered, all the way from lizards to popular house pets.

Although members would not confirm or deny, it is rumored that a pet flea may also be entered in the show Sunday.

Although youngsters are urged to enter their pets as soon before Sunday as possible, registrations may be made at De Anza park between 11 and 1 p.m. Sunday. Judging will start at 1 o'clock in the afternoon.

At their meeting Wednesday, the Optimists saw two pictures, one on jet-propulsion and the other on television. Doug Jones of General Electric secured the motion pictures.

Vice-President Bill Wright presided at the meeting and was also program chairman.

Upland City Government To Spend $309,473 During Next Fiscal Year

PARKS AND RECREATION TO GET LARGEST INCREASES FROM TAXES

Upland city council last night adopted a record municipal budget of $309,473 for the fiscal year 1948-49—up $16,720 from the year previous—and announced a probable 16½ cent increase in the tax rate.

Just how much of a jump taxes are scheduled to take won't be known until final assessment figures are received sometime next month. Tentatively, council established the rate $1.70½ per $100 of assessed valuation. Last year it was $1.54.

As prepared by the finance committee, and submitted by Councilman James Goodban, the new budget call for increased expenditures in every department of city government.

(See table at left)

Biggest single item in the increased tax rate will be in city parks and recreation. Oddly enough, the city will actually expend less money in this division next year than in the year past.

DIFFERENCE

But the difference lies in the fact that all park financing must come from taxes in 1948-49. Donations to the park fund accounted for a considerable porportion of the money spent last year.

Included under this classification are upkeep of all parking and trees in the city, including Euclid avenue where a total of $5952 is to be expended.

Less than half the total—$13,627—will be spent at Memorial park where city softball games and children's recreation is held.

COMPARISON

A comparison of tax money expended for the various departments of city government follows:

Department	Tax Rate
General	79c
Bonds	13c
Bonds—Sewer Plant	3c
Parks & Rec.	39c
Library	24.5c
Capital Outlay	10c
Planning Commission	2c
Total	$170.5

BOND ELECTION

The latter item provieds for cost of the $152,000 sewage bond issue expected to be voted by Upland citizens at the special election Aug. 24.

The amount of money expected to be raised by direct taxation is estimated at $130,480. Other suorces of income, and their propable yield to the city, are the following:

Miscellaneous general, $83,996; in lieu taxes, $15,000; in lieu fund reserve, $4,383; gas tax major streets, $25,564; traffic fines, $29,000; street improvement fund reserve, $1,930; gas tax state highways, $6,152; transfer from water dept. for bonds, $112,948.

Seek Pilot Who 'Bombed' U.N.

LAKE SUCCESS, N. Y. AP—An ex-army flier, worried about a new war, was sought today as the pilot who dived at United Nations headquarters and dropped a missile which exploded harmlessly nearby.

The U. N. trusteeship council was in session when the missile, believed by police to be a homemade bomb, went off yesterday near the ground about 400 feet from the entrance of the central U. N. building.

The blast was heard a mile away.

Delegates and staff members were thrown into a state of excitement.

Police said one panicky U. N. staff member telephoned and cried: "We're being bombed. We're being bombed."

Boost Salaries Of City Workers $15 Per Month

Upland city employes were granted $15 per month raises by city council in enacting its salary resolution last night.

Hourly workers were boosted to $1.15 per hour, up six cents from the $1.09 previously received.

Four exceptions were made by council in granting raises.

Sgt. Henry A. Younge of the police department was booster from $280 to $321 and Police Chief Eugene L. Mueller announced his promotion to be captain of detectives.

Fire Chief Howard Paulin got a $35 increase—from $345 to $380 monthly.

Captain Cecil Chambers of the same department got a $5 increase over the standard raise, from $270 to $290. Recreation Director Lewis R. Fuller was increased $30, from $270 to $300.

Council gave second reading to and adopted the ordinance establishing the special city sewage bond election for Aug. 24.

On recommendation of City

(Continued on Page Three)

Sgt. Younge Captain Now

Detective Sgt. Henry A. Younge of the Upland police department today was pomoted to the rank of detective captain by Police Chief Eugene L. Mueller.

City council last night took cognizance of the impending promotion by increasing his salary to $321 per month, the same pay now received by Captain Ralph Palmer.

In his new capacity, Capt. Younge will continue as the department's chief investigative officer, and will have important new duties as well, Chief Mueller said.

He is expected to handle assignments in the technical training of other department personnel.

Capt. Younge has been a member of the department for six and one-half years, joining the force in March, 1942, and has held the rank of detective sergeant for the past two and a half years.

City council members were unanimous in praising his work as department investigator.

To Sink 'Nevada' In Bomb Tests

PEARL HARBOR AP — Burial on the high seas with 16-inch guns pounding out a death knell, will climax next week the saga of the U.S.S. Nevada—a fighting battleship.

The dreadnaught that weathered two atomic bomb blasts at Bikini is cast again in a guinea pig role. Behind a security curtain, ordnance experts are scheduled to start testing a new, non-atomic explosive on her tough hide tomorrow.

UPLAND LIONS

Keeping Education On March Up To Community, Dr. Griffin Says

"When there was a shortage of doctors you didn't say; 'send us anyone even though he has had only a couple years of college training'; but you did that with teachers—just almost anyone to keep the classrooms going."

This pertinent observation came from Dr. Herschel R. Griffin, former Chaffey college executive and former Ontario Baptist minister, in speaking at the meeting of the Upland Lions club at noon yesterday. He squarely placed the responsibility on the community for "keeping education on the march."

"Education, of all things, must go forward," he said, adding with characteristic emphasis, "it must be that way—or bullets."

Dr. Griffin, who represents the affiliated teacher organizations in Los Angeles, observed that "schools are no longer in the hands of demagogues but are in the hands of the community." Initiation of measures for better educational opportunities and for better teachers should come from the community—and not from the teachers. He declared that schools are operated for the children and not for the teachers.

Admitting education costs a huge sum, the former Ontario resident pointed out that far more money is spent annually for liquor, cosmetics and horse race betting than for schools.

Alluding to the huge increase in Los Angeles' population, Dr. Griffin observed "that if the students were to have been adequately housed, a new 12-room school building should have been added

(Continued on Page 3)

CLUBS... SOCIETY

Miss Pauline Day, Former Ontarian Married In Beautiful Wedding Ceremony at Honolulu

Joining the long list of former West End residents who have been married in beautiful Honolulu is Miss Pauline Day who exchanged vows with Abraham A. Bakst of New York, July 10 at 5:45 p.m. Judge Carrikbuck, the only woman judge of the territorial circuit court and a close friend of the bride's performed the impressive quiet ceremony.

The lovely bride chose a beautifully detailed suit of white gabardine with matching accessories for the single-ring nuptials. A matching corsage of white orchids complemented her costume. She also wore a three strand pikake lei and heirloom earrings of emeralds set in diamond ships, which were a gift of the bridegroom's parents, Mr. and Mrs. I. Bakst of New York.

Miss Bernice Martin and Otto Crenstein, close friends of the couple served them as maid-of-honor and best-man. After the wedding a small party was enjoyed at the Halekulani hotel overlooking the sea.

The couple chose to spend their wedding trip on the Island of Hawaii at the Naneloa hotel. Upon their return they will be at home at 377 Launiu street, apartment 2, Honolulu, T. H..

The bride, a former resident of Ontario, where she was an attorney at law, associated with the firm of Davidson and Bartlett, was recently appointed to the high office of deputy attorney general of the territory of Hawaii.

The bridegroom, now employed as electronics engineer at Pearl Harbor in a civilian capacity, is a graduate of Brooklyn college, later serving in the U. S. Navy where he received engineering training. He served as an Electronics Technician Chief Petty officer. In college he was a member of the Brooklyn college chess team that won the Eastern intercollege chess championships for several years.

Miss Day is the sister of Mrs. E. H. McGannon, 499 West Arrow highway; and Mrs. W. O. Paine, Jr., of Los Angeles, who was recently married at an Upland garden ceremony; Mrs. Lowell Dodge of Pomona; Mrs. Luis Gallardo of Mexico City, Mrs. Maurice Warmoth, whose husband is in the navy, just returned from Japan.

New Mr. and Mrs. John Duncan Are Residing at Royal Hawaiian Hotel in Honolulu After Wedding

Residing at the Royal Hawaiian hotel in Honolulu are Mr. and Mrs. John Frederick Duncan of Honolulu, the former Phyllis Muriel Bennetts, daughter of Mr. and Mrs. Cecil J. Bennetts, 2379 North San Antonio avenue. The bridegroom is the son of Mr. and Mrs. G. L. Wagner, Mulberry, Kansas.

For the wedding which was held June 19, the new Mrs. Duncan chose a beautiful gown of coral pink with which she wore a shower of orchids. They were flown from Hilo especially for the lovely bride. The Reverend Henry D. Appenzeller, performed the wedding in his study.

Miss Wilma Breaux, attended the bride as maid of honor. She was stylishly gowned in a dress of champagne shade worn with a purple orchid.

The bridegroom was assisted by David R. Henrie, best man.

The bride, who began with the first grade at San Antonio elementary school, went through all Ontario schools, graduating from Chaffey college and from there entered the University of California at Berkeley where she majored in journalism. She then accepted a position with the Matson Steamship company in San Francisco, later transferring to Honolulu.

Mr. and Mrs. Duncan are both associated with the Royal Hawaiian hotel in Honolulu, the bridegroom an executive assistant and the bride, secretary to the manager.

Mr. Duncan served with the Merchant Marines during the war and returned to his position with the hotel and Matson line.

After the ceremony, Kona Inn and the Volcano House on the Famous Kona beach, were the sites chosen for the wedding trip. They went by plane to the Island of Hawaii.

Girl Scouts Leave for Conifer For Final Session

Tuesday local Girl Scouts left for the third and final, July 22 to August 2, session at Camp Conifer. The fourth period was cancelled because the senior Girl Scouts, for whom the period was originally scheduled chose an advanced camping program at Camp Osita, Los Angeles Girl Scout council's established camp.

Accompanying the girls were Mrs. C. F. Cox, Ontario, who will serve as third session camp nurse, Mrs. Walter Rosenbrock and Miss Charlene Owen, both of Ontario, who accompanied the girls from the second session on the return bus ride. Mrs. S. C. Shaw joined the staff as a program specialist in nature studies.

Those leaving from Upland were Marlene August, Linda Barnhart, Lydia Gardia, Eloise Gardia, Nancy Lee Hansen, Ann Mitchell, Margie Scott, and Alice Florez.

Ontario girls were Lowana Dee Allsup, LaVonne Beal, Marvis Diane Beach, Janet Lee Curtis, Maxine D. Cohen, Nyle Crowley, Bonnie Davis, Janice Garrison, Mary Evelyn Green, Mary Dannielle Hill, Doris H. Hoisington, Glenda Louise Hoppe, June Leach, Mary Ann Luke, Carol E. Martin, Frances Mattson, Alice Mattson, Elladyce Missildine, Gail Pate, Mary Lou Pratt, Mickele Ann Rosenbrock, Delola Maye Schutt, Betty Pauline Shore, Nola Fern Sigsworth, Ruby Stoner, Donna Mae Sloate, Kathryn Arnold, Mary Young, and Diane Cox.

Etiwanda campers are Sue Austin, Laralee Marion Di Carlo and Diane M. Shaw.

Folk Dancers Appoint Relphs Representatives

Mr. and Mrs. Arthur Relph, who have taught and directed adult folk dancing for the past year, were appointed regional representatives for this year by Miss Virginia Anderson, president of the California Folk dance federation, Southern section, at their council meeting held in Los Angeles on Saturday.

The reason for appointing the regional directors is to better serve communities desiring information, advice and help in forming folk dance groups, securing standardized forms of dances, places to obtain folk dance books and music and generally act as a clearing house for the federation.

Attending from this district were Mr. and Mrs. Henry Larick on Ontario and Mr. and Mrs. Relph of Alta Loma.

"Why" Topic of Mennonite Minister

At the Sunday morning service, 10:30 a.m., the pastor of the First Mennonite church of Upland will preach on the great question which is continually being asked by so many people, "Why?" The choir under the direction of Miss Margaret Salzman will sing "Cherubim Sone" by Bortnyansky and arranged by Tschaikowsky. Robert Adler will be at the organ.

The Reverend G. Warkentin of Long Beach will show pictures at the 7:45 service. He spent the last 2 year swith the displaced Mennonite families in Paraguay and will show pictures of his work there. This service will be under the auspices of the Women's Missionary society. A quartet composed of Mrs. Roy Cabe, Marguerite Pfister, Byrna Mae Horsch and Erica Schmutz will sing.

OLD FASHIONED ICE CREAM AND CAKE SOCIAL PLANNED BY QUESTERS

"An old fashioned home made ice cream and cake social" will be sponsored tomorrow night by the Questers of the Ontario First Methodist church. Proceeds for this summer event will go toward the fund set aside for Nathaniel Terry, a negro boy in medical school.

Seven o'clock has been the time set for the social with the church parsonage lawn being the location. Lansing Travis and his committee are adding to the attractiveness of the occasion by stringing beautiful rows of colored lights.

The committee which is being headed by Mary Thomas, Miss Marge Magnusen and Mike Bastian will freeze the ice cream tomorrow afternoon.

Not to be forgotten is the cake committee, headed by Miss Ruth McKee.

Other committee chairmen are props, Vernel Shelton; publicity, Hazel James; and general chairmen, Miss Dorothy Poole, Miss Ruth McKee and Miss Magnusen.

About People

Mr. and Mrs. L. R. Collinsworth of 2551½ West Seventh street had as weekend guests Mr. and Mrs. E. Collinsworth from Fresno. The two men are brothers.

Mr. and Mrs. R. E. Pyle had as weekend guests, Mr. and Mrs. Wayne Housnley, Mr. Pyle's cousins and son Dick of Venice; Mrs. Ruth Johnson and daughters Judy and Janitt of Casper, Wyoming, another cousin; Mr. Pyle's aunt, Mrs. Ida Haunsley of Los Angels; Mrs. Pyle's nieces of Cosmopolis, Washington, Betty and Eleanor Pugh; Mrs. Charles Herndon of Pasadena; and Mr. and Mrs. Harry Page and small daughter from Fresno.

Spending the summer on Orcas island in Puget Sound, Washington, as a guest of Mr. and Mrs. Frank Young, who now make their home there, is Jimmy Cassell, son of Mr. and Mrs. George Cassell, 756 Third avenue. Mr. Young is a former member of the Chaffey faculty.

Visitors at the home of Mr. and Mrs. William L. Keown, 594 Ninth street, Upland, are her sisters, Mrs. "Gussie" Collins and Mrs. Lillie Knight of San Antonio, Texas. In the group is Mrs. Collins' daughter, Ethel Collins who at present is in San Francisco but she will return here soon. Mr. and Mrs. Keown visited the relatives in Texas two years ago.

A short vacation in Encenatas, Lower California, was enjoyed by Mr. and Mrs. Harold Long and Mr. and Mrs. William Bowden. They were there over the weekend and until mid-week.

Barbecue Dinner Enjoyed by VFW

Mr. and Mrs. Malvern Gilmartin, 787 West Seventh street, entertained members of the Veterans of Foreign Wars, Upland post at a barbecue dinner. This meeting took the place of the regular business session.

The group met at Parkside Community building at 8 p.m., at which time they adjourned to the Gilmartin home where the steaks were grilled.

Kraft-Hubele Engagement Is Revealed at Party

A romantic message attached to a souvenir diamond ring contained the romantic news, announcing the engagement of Miss Marlene Anne Kraft, daughter of Mr. and Mrs. P. E. Kraft, Central avenue, to Eugene Hubele, son of Mr. and Mrs. O. E. Hubele, 542 East E. street, Ontario.

The popular young bride-elect is a student at Chaffey high school where she will be a senior next year. Mr. Hubele will be a sophomore at Chaffey college in the fall and attended Chaffey high school. The couple have not as yet announced wedding plans.

Mr. Hubele was honored at a birthday party at this time, this being the announced purpose of the gathering. After the lighting of the birthday candles, Miss Rosemary Mitchell quieted the guests so that the engagement message might be revealed.

During the evening swimming was enjoyed by the guests in the Kraft's pool. B. L. Wolfe rendered a tap dance.

Mr. and Mrs. Kraft were assisted in the entertaining by their daughters, Yvonne, Marlene and Dolores. Mrs. O. H. Grant of Ontario, assisted Mrs. Kraft with serving refreshments.

Bob Felix Enters University

Bob Felix of Ontario, a member of the Ontario First Methodist church, will leave next Tuesday by car for the Oklahoma university at Oklahoma city where he plans to study for the ministry. While studying at the university where he will begin a seven-year course, Mr. Felix will live at Piedmont, twenty miles from Oklahoma City and will act as a pastor there.

His mother and son "Butch" will follow later.

Fidelis Class Plans Contributed Dinner

A contributed dish dinner will be served to members of the Fidelis class next Tuesday evening, July 27, at the home of Mrs. L. E. Griffith, 767 Third avenue, beginning at 6:30 p.m.

Members are requested to bring their own table service. Assisting hostesses are Mrs. Howard Engle, Miss Elizabeth Fossett and Miss Ruth Crane.

Engagement Of Miss Val Perga Is Announced

The engagement and approaching marriage of Miss Rosemary Val Perga, daughter of Mr. and Mrs. Louis Val Perga, 230 East Fourteenth street, to Kenneth Robert Bonar, son of Mrs. William McGee, 2162 North Euclid avenue, was announced recently at a shower given by Mrs. Ted Atwood in a very novel and striking way.

The hostess revealed the news to the 25 guests with corsages, worn by the prospective bride and bridegroom's mother and Miss Val Perga. Little romantic poems, written by Mrs. Atwood's mother were attached to the flowers. The wedding date has been set for August 29.

The Atwood home was beautifully decorated with bouquets of gladioli, daisies and sweet peas for the happy surprise occasion.

Miss Val Perga, a student at Pomona college, is a graduate of Chaffey high school. Previous to her entrance to high school she attended Flintridge Sacred Heart academy. One year was also spent at Chaffey college by the affianced young woman.

Mr. Bonar graduated from Chaffey high school, after which he spent three years in the U. S. Navy, serving overseas for two years. He attended Chaffey college for two years and from there went to U. C. L. A. where he will be graduated at the end of summer school.

A business administration major, he is going to join Mr. McGee in the insurance business in Los Angeles.

When the young couple moves to Los Angeles, Miss Val Perga plans to transfer to U. C. L. A. where she will continue her psychology major at that institution.

PATIENTS

At San Antonio Community hospital:

Mrs. Fred Gregorowich and baby girl, 703 South Euclid, Ontario, were returned home July 21.

Ton Bowles, 115 East Fourth street, Ontario, was entered July 21 for medical attention.

Mrs. Shaw Morrison, Vista Drive, was entered July 21 for medical attention.

Mrs. E. R. English, 2410 Vista Drive, was entered July 21 for medical attention.

Mrs. Gordon Underwood, 103 Rosewood court, Ontario, was entered July 21 for medical attention.

Kenneth Franklin, age 4, son of Glenn Franklin, Hellman avenue, Cucamonga, was entered July 22 for a tonsillectomy.

Kenneth Nelson, age 6, son of R. V. Nelson, 990 Sycamore Court, was released July 21 after treatment of a lacerated thumb.

Mrs. W. R. Keith, 313 South Second avenue, was released July 21 after treatment of lacerations around the right eye. Mrs. Keith was struck by a ball which broke her glasses.

Memorial Community hospital:

Master David Nicosia, 824 East Olive street, was entered July 21 for major surgery.

Alvin Harris, Commercial hotel, Ontario is a medical patient, entering July 21.

Sues for Divorce

LOS ANGELES (AP) — Actress Susan Peters, who is paralyzed from the waist down as a result of a hunting accident three years ago, has sued for divorce from film producer Richard H. Quine. The charge is extreme cruelty.

Most so-called Panama hats are made in Equador.

Annual Illinois Picnic Slated For Tomorrow

Word has been received from David B. Livingston, president of the Annual Illinios Summer picnic, that all Upland and West End former Illinios residents are urged to attend their forty-second celebration which will be held in Bixby Park, Long Beach, tomorrow.

All those planning to attend are reminded to bring basket dinners which will be eaten at noon. Free coffee and souvenir badges will be given.

At 1 p.m. the Long Beach Municipal band, with Admiral Paul Hendren, U. S. Navy, as the guest speaker along with many radio and superb artists will present an entertaining program.

BIRTHS

Chaffey Summer Music School To Present Program at De Anza Park

Tonight at 7:30, DeAnza park, Ontario, the Chaffey Summer Music school will present the third in its series of Friday night programs.

Director of the school, Shirley Snider, will be tonight's announcer and commentator, C. W. Jaggard, general chairman of the pro, grams, under the Ontario Recreation department, announced.

Following local talent is to be featured:

Ontario All-City School band, Anthony J. Barone, director, playing the march "Take Off" and a waltz, "Glorianna"; violin duet, Sheri Viera and Lois Nelson, Mr. Snider accompanist; a trumpet solo, "Carnival of Venice" (Clarke) Dwayne Turner, trumpeter, accompanied by Mr. Snider; band, a march "Flagship" and a waltz, "My Valentine"; Clarinet trio, "Dance of the Reed Flutes"' (Tchaikowsky), Barbara Stout, Carolyne Patrovsky, Lois Seyfrit, with Peggy Detter, accompanying.

The rest of the program is as follows:

The band will play a Polish mazurka; trumpet and French horn duet "Student Song" (Meyerbeer), Dwayne Turner, trumpeter and Peggy Detter, French horn; a trio, trumpet, clarinet and French horn, "Hunting Chorus" (Weber), Dwayne Turner, Barbara Stout, Peggy Detter; trombone solo, "Parade of the Wooden Soldiers" (Jessel), Johnny Owings, trombonist, with Mr. Snider accompanying; band, "Air Mail march."

After the program, featuring all summer school talent, two pictures, "South to the Sun" and a safety film will be shown.

B-29's Land In Azores

WASHINGTON, (AP)—Three B-29's making a circuit of the globe landed today at Lagens air base in the Azores, strategic air command headquarters announced.

It was the second stop since the big superfortresses took off from Davis-Monthan airbase at Tucson, Ariz., on a two-week test of flying facilities around the world

Sac, the unit which operates all long-range bombers of the United States air force, is maintaining radio contact with the three planes. the B-29's are scheduled to leave Lagens tonight for Wheelus field, Tripoli.

The bombers, taking off from their home base at Davis-Monthan field, Tucson, Ariz., stopped at Macdill, Florida, yesterday afternoon for fuel, then headed eastward out across the Atlantic.

The flight is the third projected globe-girdling trip for superfortresses—but drastically scaled down from the original plan.

In October, 1946, Air Secretary Symington announced to a news conference that "if the state department approves, the air force will send a group of B-29's on a flight around the world. This flight will compare with around the world voyages by the American fleet."

One of the most notable round the world fleet cruises was at the turn of the century and was intended frankly as a demonstration of American power.

Boost Salaries of Employes $15

(Continued from Page 1)

Clerk Mrs. Hazel M. Cassell, council voted to increase the pay of election officials from $6 to $8 per day.

Providing his physician concurs, Building Inspector Richard Derby will return to work shortly in an advisory capacity. City Manager R. G. Manley asked for this, and it was granted.

Mr. Manley explained that he will be absent from the city for more than a month during his vacation, and that Mr. Derby's knowledge and experience will be sorely needed by the department.

Under the plan, Mr. Derby could remain at home but would be available to consult with department personnel. He would be paid half salary for this work. The arrangement was agreed on by council on a two months' basis.

Groups requesting special police convoy through and out of the city will get them—as far as the city limits. Council members expressed disapproval of the use of city vehicles for this purpose outside the city.

CRIME CAREER COMES TO END

(Continued from Page 1)

and surrendered without firing a shot, although police said he had a rifle and three revolvers beside him.

Earlier police reports said Daniels had confessed the seven slayings which had kept the midwest in a two-week turmoil, but Daniels later was quoted as saying he had "heard the shots, but West did the shooting."

The highway patrol, local police, FBI and other officials had set up road blocks all over the northern half of the state after two more killings early today, and the road blocks paid off.

Van Wert county and city officials were stationed at a road block six miles northeast of here, where Routes 224 and 627 meet.

A driveaway truck, with four automobiles aboard, approached. The officers stopped it for a routine check.

The driver of the truck came out of the cab, an army rifle blazing. Sgt. L. D. Conn, 42, Van Wert policeman, went down with a bullet in his chest. Frank A. Friemoth, 55, county game protector, also fell with a bullet in his breast, the slug lodging in his arm.

Both officers, with Sheriff Roy Shaffer, blazed away with their guns despite the wounds, and Sergaent Conn finally hit the driver between the eyes with a machine gun bullet. The driver was identified as West.

Lawyer Backs Henry Wallace

(Continued From Page One)

sion," Dun said, "the seven poll tax states in the south have 69 members in the House of Representatives, whereas they are entitled to but 28."

Dun said he was sure the southern states would rather remove the poll tax or other limitations on voting than have their membership in Congress reduced.

"If this plan is carried out, no civil rights legislation will be required," he declared as his time expired.

Later he said:

"You know after I gave up on Hoover I voted for Franklin D. Roosevelt. But now I am for Henry Wallace. I met him when he was secretary of agriculture.

"I gave him a book of mine and he gave me a book of his. He has a fine mind. He certainly does understand economics."

Planners Okeh Filling Station

The first step for a self-service nightfilling station was taken last night when the Upland planning commission approved plots plans for the project.

Making certain that precautionary safety measures would be used, the planners made its approval contingent on the deeding to the city of 45 feet by Stevens and Evans, owners of the property. Also City Attorney Henry Busch emphasized that the plans must be carried out as indicated in the plot plans.

Another provision added by the commission was that when the Booth subdivision, which is north of the propsed service station, is developed the owners of the two property owners will meet to make arrangements for improvement of the street with 3 inch blacktop.

The service station, which will be located on the north side of Foothill across from Upland Memorial park, will have eight pumps as well as an office building, a storage room for oil and two rest rooms.

In answer to a question by Commissioner Mrs. P. H. Rohrbaugh, Harvey Siegrist, who prepared the plans for Stevens and Evans, said that all precautions for safety would be taken, including "No Smoking" signs on each of the eight pumps and two attendants on duty constantly. There will also be fire extinguishers on each island.

SINGING OF OLIVE MAE BEACH HIGHLIGHT OF SUMMER CONCERT

BY STEVE KALAGIAN

The singing of Miss Olive Mae Beach, talented young soprano, was the highlight of the summer concert presented by the Los Angeles Women's Symphony orchestra at Chaffey's Gardiner W. Spring auditorium last night.

Opening her portion of the program with selections by Mozart and Handel, Miss Beach touched the heights of musical achievement after the intermission period, particularly with her final number, "Ah! Fors' E' Lui" from Traviata. This was the piece that won for her the Hollywood Bowl auditions last year and it is a pleasure to hear her sing it over and over again.

The deep feeling and sincerity which Miss Beach brings to everything she sings was most evident in the aria from "La Traviata" as well as in the Air De Lia from Debussy's "L'Enfant Prodigue." Strauss's "Morgen" gave her an opportunity to demonstrate the sweet and entrancing quality of her voice which she did to best advantage. It was unfortunate that a larger audience could not be present to hear her.

The Women's Symphony under the direction of Ruth Haroldson was at its best with Concerto Gorsso for Four Violins and Strings by Vivaldi and in the Roumanian Rhapsody No. 2 in D major, although, it seemed to us, the latter piece could have been picked up just a little bit more.

Most glaring weakness in the orchestra was the apparent lack of discipline among the musicians without which no great musical accomplishment can be achieved by any symphony orchestra. There seemed to be also an absence of coordination resulting in some disharmony in certain selections. We had the impression that a little more rigid organization would go a long way towards making the Los Angeles Women s Symphony a much-improved musical group.

Gen. Clay Tells Plan To Double Plane Fleet Supply Berlin

(Continued From Page One)

dent Truman, believes there is "an excellent chance" of working out a peaceful settlement of the Berlin crisis with the Russians.

He said he does not believe that anybody in the world now wants war. He added:

"I don't think the Russians want war. I don't believe this (Berlin) crisis is a move for a military showdown. Obviously in a tight situation you get conditions in which hotheads could cause war, but I don't think it will happen."

Earlier the General had reviewed the German situation at separate conferences with House and Senate groups and had paid a farewell call on Mr. Truman at the White House. He plans to leave for Berlin by air tonight.

As for his optimism about a settlement short of war, Clay stressed to reporters that the air lift provides a long time in which to negotiate with the Soviet for removal of the blockade.

He said the air lift can be carried on as long as the American people "want us to supply the people of Berlin—indefinitely."

Clay said that as soon as he gets back to Germany "we will start the building of a new airport" in Berlin. He said he thinks it will be in the Spandau area of the German capital. That new port, he declared, will give the combined American-British air lift the chance of expanding its average daily tonnage far beyond the present goal of 4,500 tons a day.

Clay said that at the moment there are 50 C-54's in the American fleet and an additional number of C-47's, which number he did not specify.

BERLIN (AP)—The British have accused the Russians of three violations of flight rules in the air lane used by the RAF to supply Soviet-blockaded Berlin. British officials claim Soviet fighter planes probably engaged in target practice in the corridor.

The British military government turned down a Russian offer to supply electric power to a factory in western Berlin.

The Russian planes were sighted in the British airway yesterday as American aircraft poured into Berlin with a new record haul of food and fuel. On the 27th day of the British-American air lift Dakotas and Skymasters unloaded 1,638 tons of supplies in 285 flights to Tempelhof airdrome.

The British kept pace. Yorks, Dakotas and Sunderlands of the RAF flew 150 flights into the British sector of the city yesterday with an estimated 546 tons.

British officials said a four-engine York transport sighted three Soviet Yak fighters trailing a Sleeve-towing aircraft in the Berlin-Buecksburg corridor. Such sleeves commonly are used for target practice.

"There is no evidence that the three were shooting at the sleeve while the York was nearby," one British official said, "but they probably were shooting."

The British military government also charged the Russians with two other breaches of flight rules in the same corridor yesterday.

Truman Goes Over Speech

WASHINGTON, (AP)—President Truman went over with his Cabinet today the rough draft of the message he will deliver Tuesday to the extra session of Congress.

Press Secretary Charles G. Ross told a news conference there will be "some pretty intensive work done on the message over the weekend." He added that the cabinet agrees "thoroughly" with what Mr. Truman intends to say.

Among other things, the message will deal with measures to combat inflation. Ross declined to give any details, but later announced that former OPA administrator Paul Porter had been enlisted to held prepare necessary legislation.

Porter sat in on the cabinet meeting.

Ross declined to say whether Porter's assignment indicates that Mr. Truman plans to ask for price and ration controls on meat and other basic commodities.

Keeping Education On March Is Goal

(Continued From Page 1)

every Monday morning to handle the additional enrollment." Los Angeles city at present needs 60 new school buildings, he said

The speaker's son, Dr. Herschel Griffin, a local physician, was a guest of the club. Dr. Earl L. Wenger introduced the speaker and Howard C. Paulin, president, was in charge.

C. S. Nicholson, manager of the Old Baldy Citrus association, was introduced as a new member, who will be formally installed later

Planners Back Appeal Board

(Continued from Page 1)

ted on separate plot properties for each owner;

(2) that street be shown 50 foot width;

(3) All deeded streets be paved and curbed, with width of pavement to be in accordance with ordinance;

(4) Deeds to streets other than record of survey be approved and owners put up cash or bond guaranteeing paving.

The commission will take action on the variance request of Mrs. M. G. Sinkewitch if she makes formal application in the next 10 days. Mrs. Sinkewitch in a letter read to the planners last night asked that she be permitted to build a house on her lot on the south side of C street, west of Sixth avenue, with only a 16 foot setback. There is already a small house on the rear of the lot.

The Van Ness record of survey was approved upon the request of Richard J. Newton.

The street naming committee under the chairmanship of W. W. Mather will meet shortly to discuss the possibility of renaming Upland streets, it was announced.

Flood Strikes Palm Springs

(Continued from Page One)

otherwise inconvenience from the flood might have been far greater.

Sgt. Lux said it would be days, possibly even weeks, before debris can be cleared away and the roadway washouts repaired.

The rain began at 12:05 a.m. (PDT). It rained hard for two hours, then continued lightly until 3:30 a.m.

Traffic was being rerouted from Highway 99 to Edom, over the Ramon road to Highway 111, then back into Palm Springs. A rock slide must be cleared from 111 at Indian Wells, five miles west of India roadways in the Rancho Mirage development between Palm Springs and Indio were washed out.

The California highway patrol headquarters at Riverside sent 10 patrol car units to the area to assist in handling traffic and clearing debris.

Southern Pacific trains were slowed where water covered the tracks east of Garnet.

The highway patrol said hundreds of trucks and automobiles were blocked by the flood on the several highways. In most instances the trouble was deep muck left on the roads which mired any vehicles attempting to go through.

Patrolmen estimated Highway 99 could be cleared by noon today but it would be later before Highways 111 and 60 were reopened.

Upland 20-30 See Fishing Movies

Last night at the regular dinner meeting of the Upland 20-30 club, held at Lucy and John's, Dick Bumstead showed moving pictures of various fishing trips. The movies depicted angling in several lakes in the high Sierras, Lake Henshaw and others.

Richard Crampton, president, was in charge of the meeting, with first vice-president, Dick Pehl introducing Mr. Bumstead.

Next weeks dinner meeting will be held Thursday at 7:30 p.m. at Lucy and John's with an outside speaker scheduled to appear.

DEWITT
MACKENZIE
Danger of War Lies in Russian Frustration

The greatest danger of war between Russia and the democracies lies in the fact that her European conquest has bogged down. She is taking risks in desperate efforts to get the Red machine rolling again.

The inhuman food blockade of western Berlin is one of those risks. The blockade must be broken by the Allies but the consensus of observers is that this isn't the time to use force. It is encouraging to hear General Lucius D. Clay, U. S. military governor in Germany, deny published reports that his headquarters had recommended forcing an armed convoy through the blockade.

Such Allied action surely would result in armed conflict.

Obviously there is danger of war, but as things stand there seem to be ways of dealing with the situation without resorting to arms. Concerted action by the democracies in clamping politico-economic sanctions on Russia should turn the trick.

The strategy of the Western Allies seems to be developing along the line of applying sanctions and then holding firmly on the front which the Bolshevists have reached through central Europe.

The Soviet Union has great resources, but a global politico-economic blockade by the democracies would hit her so hard she wouldn't be able to contemplate making war. Moreover, and this is vastly important, such a blockade would give time for development of the disaffection which long has been at work among the Red slave-states of eastern Europe.

Moscow is steadily losing ground as the result of the anti-communist ferment in important countries like Finland, Czechoslovakia, Poland, Hungary, Romania and Yugoslavia. The Russians are preventing open rebellion by force but there will come a time when that won't suffice.

What the Muscovites are aiming at now is to drive the democracies out of Germany and Austria and make these important countries part of the Red empire. Since Germany in normal times is the economic keystone of continental Europe, her inclusion among the Soviet satellites would lend vast strength to the Communist world revolution.

Time would be working doubly for the democracies if they could hold the Reds along the present line. The delay would blast Bolshevist ambitions for world conquest and would give the Western Allies a chance to put Europe on its feet economically so that it would have strength to defend itself.

Russia's greatest strength in Europe is Europe's weakness.

However, while the democracies seem agreed to proceed without rashness, they are determined to be firm. Certainly there is no place at all for appeasement. And if it comes to a showdown where the use of force is necessary, they will use it!

NEW DRUG MAY BE POLIO CURE

HOUSTON, Tex. AP—Polio patients treated with a new sulfa-type drug, thiazolyl, are up and walking around, but doctors warned against over-optimism.

One doctor pointed out that many patients recover spontaneously from polio.

Some 70 patients were estimated to have been treated with thiazolyl, but Houston doctors said only about 35 cases were being used for study and evaluation. The remainder of the cases are not under study because of errors in diagnosis and dosage, they said.

"We feel that the drug is doing some good," one doctor said at the city-county Jefferson Davis hospital, "but we just want to be sure before we make any claims."

BOB
RUARK
Lot of Interesting People In Greenwich Village

NEW YORK—We have recently moved from a neighborhood which was too rich for my blood to a little dirty deadend street in Greenwich village, and it has been a howling success. Already I have waged—and lost—a battle with the neighbors.

That is what I like about the village. People seem to enjoy fighting. In the midtown east-side, they just sneer at each other and maybe kick each other's French poodles. Down here they holler and cuss and belt each other in the eye. The edged wit is not practiced, and there is no dainty dueling.

For example, I was playing the typewriter with the window open the other morning, about 2 a.m., and it probably sounded like a team of draft horses clattering over a tin bridge. Loudmouthed dame across the court stuck her head out of the window and bellowed:

"Shut off that this and that typewriter!"

"Aw, drop dead," said I, ever the little gentleman.

"Muzzle that such and so machine or I'll call the these and those cops," remarked this demure bundle of fluff, in a voice easily audible in Newark.

"Call the these and those cops," said I, continuing to pound.

So she called the cops. The cops came. They flashed a light into the office window. I made a rude remark about cops who flashed lights into the office windows of sober, industrious citizens. We then have a fine argument on civil liberties, the result of which is still pending.

It seems to me that a man who is working in his own home on a hot night has just as much right to run a mill with the windows open, as, say, a drunk has the right to bawl obscenities on the sidewalk at 3 a.m. This was a nightly circumstance back on Fifty-fourth street., as Bill's Gay Nineties regurgitated its bozzy customers. The hackers cursed and screamed, and the drunks hollered and bickered, but no cops ever came.

Down here in the village the lushes litter the streets, and the happily married people battle into the dawn, and the radios blare and the lovers quarrel and make up on the sidewalks. We have just had a religious festival in which they touched off blockbuster-sized firecrackers, until it sounded like London during the blitz. There is a garish carrousel running around the corner. And there are at least five million love-starved cats.

In my vicinity there is a pent-up thomas cat with six lady friends scattered around the block. This animal has a set of vocal chords to rival Caruso's. He talks to his wimmenfolk all night long, and they answer him. He sings a different ballad to each, according to the depth of his emotion. From sunset to rise, this ardor addled beast yowls,, and his screams are duplicated over a square mile, so that it is almost like living in a jungle.

We have one neighbor who throws pails of hot water on people. We have another who plays nothing but Italian opera recordings for hours. We have a piano player. We have an endless parade of panhandlers and bums and slummers. They all enrich the general din.

Now I claim the right to hit a typewriter as my contribution to the babel. I have as much right to clatter the keys as a man has to own tomcats with delusions of Tito Schipa. I am every bit as good as a panhandler full of canned heat; every bit as good as a fancier of Italian opera; every bit as good as a firecracker shooter, as a piano player, as a merry-go-round operator, or a lady who profanely drenches passersby with steaming water. I pay taxes; I got rights.

So I intend to slap those keys until 5 a.m., if I desire, with the window open, if I wish, because it is hot in the summer and I earn my oats with an Underwood. I will write columns, novels, short stories, biographies, poems, magazines articles, radio scripts, plays and limericks, if I feel in the mood for it. And the next cop to show up around here gets the hot-water treatment. Not from the lady next door, either.

Clatter-clatter-bang crash! The quick brown fox jumped over the lazy dog now is the time for all good men to come to the aid of their party. Peter Piper picked a peck of pickled peppers! They'll never take me alive!

HERE'S NOVEL WAY TO ANNOUNCE BABY'S ARRIVAL

SAN PEDRO AP — Theater Manager Claude Kenner was a little flustered anyway when he returned to his playhouse from the hospital after his wife, Doris, had given birth to an eight pound daughter.

His condition was not helped any when he saw in foot high illuminated letters on the theater marquee, the legend:

"World premiere of Janice Lynn Kenner, original production of Doris and Claude Kenner."

It was the work of his playful associates.

Today's Birthday

(If you have a birthday this week or this month, call it in to 311-06 and we'll include you in this column.)

Haile Selassie, born July 23, 1891, became co-ruler of Ethiopia in 1916, sole ruler in 1930. He was forced out in 1939 by Italian armies and the failure of world powers to honor their pledges and halt the Fascist aggression. He went back in 1940 and helped the British clear the Italians from his country. His drive to modernize Ethiopia has distinguished his rule.

LOCAL BIRTHDAYS—
John Frost.
Bertha L. Watson.
Hank Stickney.
Frank G. Stevens.
Hazel M. Cassell.

Kenneth C. Royall, born July 24, 1894, is civilian secretary of the Army. After law school, he served as a lieutenant in World War I. Back in North Carolina, he built up a profitable law practice. In World War II he was a colonel in the Army legal section, became a general and Army fiscal director, later secretary of war. When the defense department was organized, he headed the army section.

LOCAL BIRTHDAYS—
William H. Powell,
John G. Gaylord.
Alice Rose Wilson.
Arthur Betz.
Norman Lawson.
Norm Abbott,
Carolyn Mae Orr.

Now more than ever before—

FIRST IN VALUE
FIRST IN DEMAND

Only Chevrolet brings you all these major advantages of *BIG-CAR QUALITY AT LOWEST PRICES* . . . prices *now decidedly lower* than those of any other car that even remotely approaches it in quality!

You'll have *so much more comfort* with the genuine Unitized Knee-Action Ride—exclusive to Chevrolet and higher-priced cars.

You'll enjoy *more thrills* and *more savings* with Chevrolet's world's champion Valve-in-Head engine. Valve-in-Head, too, is exclusive to Chevrolet and higher-priced cars.

You'll *know* that your Chevrolet leads in tasteful luxury, for it has the world-famous Body by Fisher—available only on Chevrolet and costlier cars.

You'll have the *safety* of Fisher Unisteel Construction, the Knee-Action Ride and Positive-Action Hydraulic Brakes—combined only in Chevrolet and costlier cars.

The plain truth is that this pace-setting Chevrolet offers major quality advantage after major quality advantage not available in other cars in its field; and, in addition, Chevrolet prices are now obviously and outstandingly lower than those of any other car that even remotely approaches it in quality.

Thus, Chevrolet and only Chevrolet offers the Big-Car comfort of the original and outstanding Unitized Knee-Action Ride . . . the Big-Car performance and dependability of a world's champion Valve-in-Head engine . . . the Big-Car beauty and luxury of Body by Fisher . . . the Big-Car safety of Fisher Unisteel construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes . . . all at lowest prices—prices that are now even more economical, even more thrifty, when compared with the prices of other automobiles in its field.

Yes, indeed, Chevrolet is first in dollar value by the widest margin in all Chevrolet history; and, of course, it is first in nation-wide demand as well.

Compare Values!... Compare Prices!...

CHEVROLET—*and Only* CHEVROLET—IS FIRST!

THE TOODLES

Pirates New City League Champs

Cuca Merchants Victims, 7-1 In Crucial Tilt

BY BOB HOLT

The Upland Pirates won the city league championship last night, and it wasn't even close.

Clubbing seven hits of Cucamonga Merchants flinger Richard Zucatto, while his mates committed an equal number of errors behind him, Paul Ynostroza's hands breezed to victory after a big first inning in which they scored four runs.

Chuey Anguiano was supreme on the hillock all the way. The slender righthander served up just three hits and struck out eight in going the distance.

An overflow crowd estimated at 800 fans sat in on the proceedings at Upland Memorial park.

The Pirates really iced the ballgame in that aforementioned first frame.

Asebedo opened the inning by beating out a hit to third. Anguiano was safe on an error by McCabe, Asebedo going to second. Tico Borbon then walked to fill the sacks and Vasquez stepped to the plate.

He promptly clubbed a double to left, which was turned into a gift homer when Accassano juggled it for a two base error. Vasquez chased all three runners home in front of him.

The Pirates added single runs in the third, fourth and sixth frames, every one of them unearned.

For the Merchants, it was a different story.

Shut out for five frames, they were saved from a whitewash in the sixth when C. Smiderly got a life on Anguiano's error, went to second on Little's outfield fly, and then rode home when Phil Martinez shot a solid single through the hole between second and short.

The night's opening contest featured the Lincoln Cub Scout team of Ontario against the Upland Cubs. With Johnny McKellar twirling five-hit ball, and his mates hammering hard, the locals had no trouble in annexing a 13-5 victory.

All-Stars To Play Chino

The Upland Recreation league all-stars are going to have themselves a ball game Saturday night.

They'll travel over to Chino to contest the all-stars of that city in a battle billed for 8 p.m.

The club, selected recently by a vote of look managers, includes 21 players for eight of the loop's 12 teams. Unrepresented are Nine Aces, Fontana, Allura and Junior Optimists.

The Upland Pirates and Cucamonga Merchants, one-two finishers in circuit play, placed 10 players between them. The Pirates have six and the Merchants four.

Cycle and Sport and Dukes are represented by three each, Shady Grove landed two and Etiwanda, Legion and the Fleetmasters, one each.

Players selected were the following:

Pitchers — Anguiano, Pirates; Miller, Cycle and Sport; Zucatto, Cucamonga Merchants.

Catchers—Kenny Smith, Cycle and Sport andAsebedo, Pirates.

First base—Bert, Shady Grove; Laughlin, Dukes and Quesada, Cycle and Sport.

Second base—Gunstream, Dukes and Jones, Etiwanda.

Third base—Borbon, Pirates, Smiderly, Cucamonga.

Shortstop—Vasquez and Ynostroza, both Pirates.

Outfielders — Wilson, Legion, Smiderly, Cucamonga, Francisco, Dukes; Accassano, Merchants; R. Gomez, Pirates; Book, Shady Grove and Masker, Fleetmasters.

British Cool To Olympics

LONDON AP — London simply is not getting steamed up about the Olympic games.

With the start a week away, plenty of stadium track tickets remained unsold today — how many, no one will say, boxing and swimming, however, are sold out.

The test match in cricket between Australia and England is the most important sports news of the day. Horse racing gets lots of space, the Gus Lesnevich-Freddie Mills fight does well — but the Olympic and the Americans are dismissed almost curtly.

Crowds that watch the American team parade or work out are admiring, but not enthusiastic. The immaculate U. S. uniforms, contrasting sharply with the generally shabby level of British clothes, are undoubtedly envied, but they evoke no cheers.

Even for severely rationed, textile-starved England the absence of flags and bunting is striking.

TURNSTILES CLICK AS NEVER BEFORE FOR YANKEES, TRIBE

By The Associated Press

Four clubs are battling for the American league pennant but two teams—Cleveland and New York—are making all the money.

The Indians and Yankees are headed for a new all-time attendance mark of 850,000 and over $1,000,000 for their 22-game inter-club series. Baseball never has seen anything like it because it never had two parks like the Yankee Stadium and Cleveland's municipal stadium involved in a season-long flag battle.

Last night, 8,258 New Yorkers watched Joe DiMaggio's grand slam homer give the Yanks 6-5 edge over the Indians. That was the third largest crowd to watch the teams struggle.

The teams play each other eight more games.

DiMaggio's 21st home run, backed up by a splendid relief performance by Tommy Byrne, sent Bobby Feller down to his 12th loss. Tommy Henrich also touched Feller for a two-run homer.

The Philadelphia A's took advantage of Cleveland's loss to advance to within a half game of the lead by nosing out St. Louis in 12 innings, 8-7. Hank Majeski's single with the bases loaded and two out turned the trick. Lou Brissie hurled hitless ball for five and two-thirds innings to earn his 10th victory.

Boston's Red Sox won another doubleheader, stretching their string to eight straight.

Vern Stephens hammered homers in each game to humble the Chicago White Sox, 3-0 and 5-3.

The double win boosted the Red Sox past the Yankees into third place, their highest position of the year and only two games out of the lead.

Boston's national lead was boosted to 6½ games when the Braves were rained out at Cincinnati and Brooklyn lost to Chicago.

Are Homers Worth It?

The first 100 homer are the hard st, say the Los Angeles Angels—especially when they don't get you any higher than third place.

Eddie Sauer cracked the Angel's 100th round tripper last night with one aboard to decide the issue in a 6-3 victory over Sacramento.

The blow gave Los Angeles one more homer than San Diego. The Padres' 99—44 of them by Jack Graham—have netted them only fourth place. They lost their fourth straight to San Francisco last night, 4-1.

Sauer's smash gave Red Lynn his 14th win—tops for the Coast league—against four setbacks. Sacramento's ace, Rex Cecil, going for his 13th win, wound up instead with his 10th defeat.

Lynn's six-hitter gave the Angels the rubber game of the three-game series.

San Francisco completed its four game mopup of San Diego on Cliff Melton's five-hit job. Hugh Luby had three for three, and Joe Brovia smashed a two-run double. Bob Kerrigan was the loser.

SCOREBOARD

By The Associated Press

PACIFIC COAST LEAGUE
Oakland 10, Seattle 5.
San Francisco 4, San Diego 1.
Los Angeles 6, Sacramento 3.
Portland 2, Hollywood 1.

NATIONAL LEAGUE
Chicago 6, Brooklyn 3.
New York 6-6, St. Louis 3-7.
Pittsburgh 5-1, Philadelphia 3-1 (Second game, tie, called 5th rain).
Boston at Cincinnati, rain.

AMERICAN LEAGUE
Boston 3-5, Chicago 0-3.
Washington 9, Detroit 8 (12 innings).
New York 6, Cleveland 5.
Philadelphia 8, St. Louis 7 (12 innings).

SIGNED

VENTURA AP—The Los Angeles All-America Dons have signed Ted Kenfield, former University of California back, to a contract.

Pirates Opposing Pasadena Sunday

The Ontario Pirates meet the Pasadena variety of buccaneer Sunday afternoon in a doubleheader at Galvin park, starting at 1 p.m.

The Pasadena Pirates have a strong outfit, as they've proved in local appearances before. Manager Kenny Smith says he's unfurling a new pitcher in the opening contest. Bill Gear will likely fling the nightcap.

SUSPENDED

Umpire Wm. McGowan (above) was suspended by American League President Will Harridge pending investigation of McGowan's conduct and actions on the field during Cleveland-Washington game at Washington. Joe Kuhel, Washington manager, complained McGowan cursed and threw things at his players.—AP Wirephoto.

Rockets Shade Sanjacs, 3-1

One big inning last night proved sufficient for the Ontario Rockets to turn back San Jacinto in an American Nightball league game played at Galvin park. The count was 3-1.

Rex Hanna, playing centerfield, provided the necessary spark when he clubbed one of Harvey Griffin's offerings out of the park in the fifth frame, scoring a mate in front of him.

The other runner was Lalo Escarsega, who had just doubled Sully Wesmuth over the platter.

San Jacinto was leading 1-0, having tallied in the fourth. But they never got another as Jeff Benner toiled magnificently.

The score:

Nitchawks .... 000 100 000—1 6 2
Rockets ..... 000 030 00x—3 8 1

Griffin and Brown; Benner and Wenger.

The sea today is believed to be less salty than it was millions of years ago.

Upland Merchants Playing Pomona

Two National Junior league games are on tap at Galvin this evening.

Pomona and the Upland Legion hook up in duel at 7. The champion LaVerne outfit takes on the tail-ender Ontario Legion club in the second contest.

FOURTEENTH OF A SERIES OF NEW HOUSE PLANS IS FEATURED HERE

ENGINEERED BY
CASSIERE, C.E.
SKETCH NO. 845

Description and Details of Modern Home Given by 'Chief Draftsman'

A home with a future!

The home this week is engineered for the family that is just starting. It is small in total footage, low in cost, but high in comfort, facilities and beauty. It can be made to grow with the family.

As the house is pictured, the basic structure, it has adequate room for the new home owner, large bedroom, large living room and a combination kitchen and dining area.

The total area is that of a very small home, but it is so engineered that the smallness is not felt under normal living conditions or even while entertaining.

May Add Rooms

Rooms may be added to the basic structure as the family starts to grow. Additional bedrooms are easily added, either where indicated on the sketch, or from the other side of the existing bedroom. A dining room proper may be added either where the entrance hall is located, or on the other side of the kitchen. In either spot it will fit as though it were always there, and actually it is engineered to be included.

Closet space enough has been added to give complete storage space to the things that are collected in anticipation of enlargement.

Low Cost

The simplicity of the style and the shape of the building should reduce construction costs to the minimum and yet no beauty is lost because of this. Large window areas allow full ventilation and sunshine.

Low window gardens on the bedroom and on the kitchen add interest in both color and line. The possible monotony that might exist from such simple construction lines is in this way eliminated.

But, care should be taken in choosing the position on the lot. Plans should be laid for future expansion before construction is started. In this way the new extensions will not end up in the middle of the street.

Declares State Has Not Aided Vets Housing

SACRAMENTO, (AP)—California has been criticized today by a state agency claiming little has been done to alleviate the housing shortage.

Reported the state redevelopment agency to Governor Warren:

"California, in contrast with states of comparable size and importance, like New York, Illinois and Indiana, has enacted few legislative measures which reflect an understanding of the shelter problems of its veterans, its students, and its workers in cities and rural areas.

"Except for farm and home loans to veterans, this state, notwithstanding its exceptional growth and pressing needs, has no well-considered housing policy. It has no program to increase the supply of dwellings for its people, to eliminate shacks and temporary war housing, or to clear slums.

"Its cities are trying to go ahead with re-development projects but are handicapped by the lack of both state and federal financial aid. Veterans face critical housing problems but report little understanding of their needs in official circles."

The agency flayed what it labled the state's indifference to such housing problems.

It added:

"Good homes are basic to good citizenship."

The report is the agency's last. Because the legislature denied it necessary funds it went out of existence with the last day of June.

Varnish Will Prevent Metal Tarnishing

A coating of clear varnish or lacquer should be applied to all copper and iron which adjoins painted surfaces on the exterior of a house. This will prevent the metal from streaking the siding of window frames.

On iron, a rust preventative primer should be applied before painting or lacquering. The treatment should include screens as well as gutters, down spouts, flashing and other metal surfaces if stains are to be avoided.

L.A. Building

With 14 localities topping the $1,000,000-mark in building permits, the total of new Los Angeles county construction authorized in the first half of 1948 fell barely short of a half-billion dollars, a Los Angeles chamber of commerce survey showed today.

The mid-year total stood at $455,927,610 in valuation of 91,275 permits in the cities and unincorporated area of Los Angeles county, according to Harry G. Haake, chairman of the chamber construction industries committee.

Residential permits numbered 32,126, valued at $286,166,174.

All types of construction represented a 63 per cent gain over the $284,240,455 total for the first half of 1947, Haake said.

Building throughout the county in June soared to $77,259,567, a 6 per cent jump over May's volume of $72,341,075 and 60.8 per cent ahead of the $46,475,866 figure for the same month a year ago.

June permits totaled 15,304, including 5,599 for dwelling jobs, compared with 13,729 total and 4,443 residential in May.

The Leaning Tower of Pisa drifts about a third of an inch every 10 years.

Insulation Said To Stop Moisture Collecting in Pipes

Condensation of moisture on cold-water pipes is a common source of trouble for householders in the summer. Moisture accumulates and then drips from the pipes because the piping is much colder than the atmospere and draws water from the air.

This can be stopped where the pipes are accessible, such as in basements, by covering them with molded insulating packets made for the purpose or by wrapping them with mineral wool insulation.

The condition can be serious with pipes beneath the floor or in walls because the water drip will damage plaster. For pipes in floors, the remedy is to close the openings through which house air can reach the pipes. Wall insulation will prevent trouble occurring there.

Farm Mortgage Debt Rising

From reports coming into the San Bernardino county farm adviser's office, the downward trend in the farm-mortgage debt which had been in progress since 1923 has reversed itself and is again rising, according to Farm Adviser A. G. Salter.

These reports indicate that from January 1, 1946 and January 1, 1947 such farm debts rose about 96 million dollars. From January 1, 1947 to January 1, 1948, the estimated increase was about 104 million dollars.

A study by the bureau of agricultural economics and the bureau of the census shows that farm families used a substantial part of their increased war-time incomes to reduce the mortgages against their farms. The mortgage load decreased each year from 1940 to 1946. Despite the increase since 1946, the total farm-mortgage debt in January 1947 was less than half the 1923 debt peak. Farmers' incomes were higher during the war and civilian goods were scarcer, resulting in farmers putting more of their incomes into payment of debts and borrowing less money.

Mortgage foreclosures reached new lows after 1940.

Salt beds range in thickness from a few inches to more than 300 feet.

Month's Permits Now $75,000

Upland building is booming along at a right smart pace, but the past seven days have done but little to swell the totals.

An official compilation of permits through this morning showed $75,700 worth of licenses issued so far this month. With seven business days to go, there seems a fair chance of topping the $100,000 figure.

Residential construction far outtops other classifications in the summary to date. Eleven house permits worth $66,000 have been issued, the report shows.

Three new homes were licensed to be built during the past week.

Mrs. R. P. Perdew, Claremont, intends to construct a small house at 838 North Third avenue, and estimates the cost at $3000. The residence will be 648 square feet.

Ernest Asebedo, 135 Ninth avenue, will build at 1461 East Ninth street. His three-room home with bath will cost $2500.

Nazionale Luigi, Parkside project, will construct a 6-room, $7500 home at 604 East Olive street.

Other permits included the following:

Alterations at Pow's cafe, 725 East Foothill boulevard, $80. Erection of a neon sign at the Home appliance company, 151 North Second avenue, $400. Addition of two rooms to the W. H. Berry home, 371 North Central avenue, College Heights, $1500.

'Forceful Measures' Do Not Imply Actual Use of Force or Arms

Informed quarters in Washington say the western allies.... America, Britain and France .... are expected to reach agreement this week on a program aimed at countering, with forceful measures, the Russian blockade of western Berlin.

What does that expression "forceful measures" mean? It doesn't necessarily mean "measures of force." It presumably does mean economic or political sanctions (or both) which would be calculated to put a fierce squeeze on the Muscovites.

I emphasize this point because a lot of talk about "measures of force" is being bandied about. Such talk doesn't win wars, but it can breed 'em. We've already seen one sharp reaction in the heavy slump on the stock market.

There might come a time when "measures of force" would have to be used, because the Democracies have no intention of backing down. However, that would be after "forceful measures" had failed.

There are various ways in which powerful sanctions could be applied to Russia if she persists in her efforts to force the hands of the western allies by the inhuman expedient of depriving 2,400,000 defenseless civilians of food and fuel. One of these would be through action by the United Nations which could apply sanctions after conviction.

But supposing the U. N. should find it impossible to handle this crisis....what then? Well, the democratic bloc could apply the sanctions outside the U. N. They are the ones who would have to make the sanctions efective anyway, even if the peace organization ordered them. The Russians and their slave-states certainly wouldn't cut their own throats.

Such sanctions might mean not only severance of diplomatic relations with Russia and her satellites but the stoppage of all trade with the communist bloc. That would be terrific punishment.

Not only are America, Britain and France in constant consultation, but officials of the recently formed Western European union.. Britain, France, Belgium, The Netherlands and Luxembourg have been meeting in the Hague to discuss their common interests in the Battle of Berlin. The London Times says Russia will be closely watching this Hague conference, and adds:

"It has long been clear that the Soviet government is seeking to complete its program in central Europe, and perhaps beyond, before the west is fully organized."

What is the red program for central Europe? It calls not only far the consolidation of such shaky canquests as Czechoslo-akia, but for the taking over of both Germany and Austria. The battle of Berlin is part and parcel of an effort to oust the western allies entirely from the Reich and incorporate it in the cammunist empire. With this achieved, Russia would hold an almost impregnable military position across central Europe from which to further her world revolution.

That is why Moscow is taking so many risks in challenging the western allies in Germany. Her general offensive has begun to bog down and she is acting in desperation. Therein lies the real danger of war.

SHE HAD HIM HANDCUFFED

LOS ANGELES (AP)—It was honeymoon deferred for Paul Richard Judd, 21, and his bride, Mary Lee Davis, 20.

The bride was nattily attired in a sharkskin ensemble. The groom wore handcuffs. He's going to San Quentin to serve five years to life for burglary.

They were married yesterday in Superior Judge Walter S. Gates' chambers.

Azusa Aircraft Company Sold

AZUSA, (AP)—Controlling interest in the Marquart Aircraft Co., has been acquired by General Tire and Rubber Co.

Dan A. Kimball, General vice-president, said Marquard aircraft, employing 150, is "The nation's foremost ramjet engine builder."

The plant was founded in 1944 by Roy E. Marquardt, former director of aeronautical research at the University of Southern California.

Famous Violinist At Redlands

World-famous violinist, Mischa Elman, who will appear at the Prosellis, Redlands Bowl on July 23rd, has been a musical idol for over forty years. His name is a globular household word. Millions of his recordings have been sold. He is a leading international personality.

Congregation Hears Sermon on 'Truth'

The Golden Text of the Sunday Lesson-Sermon on "Truth" in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston, is from Deuteronomy and reads, "Ascribe ye greatness unto our God. He is the Rock, His work is perfect; for all His ways are judgment: a God of truth and without iniquity, just and right is He."

According to John's Gospel, "A certain nobleman . . . besought" Jesus "that He would come down, and heal his son: for he was at the point of death . . . Jesus saith unto him, Go thy way; thy son liveth. And the man believed the work that Jesus had spoken unto him, and he went his way. And as he was now going down, his servants met him, and told him, saying, Thy son liveth . . . Yesterday at the seventh hour the fever left him. So the father knew that it was at the same hour, in the which Jesus said unto him, Thy son liveth: and himself believed, and his whole house."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures:" "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

JAMES MARLOW

MOTHER, GANDER A MOTHER GOOSE AND JUST BE HORRIFIED

WASHINGTON (AP)—Mama, take a gander at Mother Goose.

Johnny wakes up screaming, his head full of bloody murder from crime on the radio or in his comic books.

But, mama, do you think, maybe, you gave him his first taste of cruelty by sing-songing him nursery rhymes from Mother Goose?

Radio crime programs and crime comic books have been accused of giving children nightmares and vicious notions.

In the Saturday review of Literature for May 29, Dr. Frederic Wertham, senior psychiatrist of New York City's department of hospitals, wrote:

"Many children themselves feel guilty about reading them.

"The comic book publishers seduce the children and mislead the parents."

On July 2, some comic book publishers agreed not to publish any comics which feature sexiness or sadistic torture, glorify crime or foster religious or racial prejudice. But they publish only 15,000,000 of the 50,000,000 to 60,000,000 comic books sold monthly.

Now the Saturday Review of Literature, in the June 26 issue, opens up on parents who, even innocently, have been crooning their offspring to sleep with bloody lullabies from Mother Goose.

Editor Norman Cousins lists some of the goings-on in Mother Goose: ". . . cracked skulls, people clawing at each other, bird killings, throwing kittens down wells, stealing, cheating, lying, oriental torture, tail-severing of blind and helpless animals, house burnings, improper relationships between the sexes, and other affronts against human decency."

Recently, he said, he picked up a copy of Mother Goose and—

"I discovered that here were no sweet, innocuous ditties but a series of vicious, sadistic, gory, vengeful episodes camouflaged as children's ditties through the simple device of monosyllables and singsong rhythm."

Need some examples? The old woman who lived in a shoe and, because she didn't know what to do with all her children, whipped them before sending them off to bed.

There's the sexton who pushed the cow down the well; the woman who cut off the tails of the blind mice . . .

Maybe some day Cousins will do a similar job on the fairy tales, like some of those of Hans Christian Andersen and the gloomy Grimm brothers.

There's no more brutal story in literature than Andersen's "The Tinderbox," the tale of a homecoming soldier who was made rich by a witch, thanked her by cutting off her head for no good reason, lived like a bum, stole some money, had an affair with a princess, married her, and bumped off her old man and her whole family with wild dogs.
